"Great property management is not just about maintaining buildings—it's about elevating communities, protecting investments, and delivering peace of mind through trust, transparency, and service excellence."

About The Firm

Founded in 2018 with humble beginnings, Raiidius (M) Property Managers was established with a clear mission—to transform property management services in Malaysia. From a small, passionate team, we have grown into a trusted name in managing residential properties. Our approach is rooted in professionalism, transparency and a deep commitment to elevating the value and livability of every property under our care.

Driven by innovation and service excellence, we leverage cloud-based systems, 24/7 maintenance support, and real-time financial reporting to deliver efficient and responsive management. With a multilingual team and strong legal compliance, Raiidius is dedicated to building strong communities, enhancing property value, and setting new standards in the Malaysian property management industry.

Property Management

ADMINISTRATION

Property management involves overseeing the daily operations and maintenance of residential, commercial, or mixed-use properties. Services include managing contractors, ensuring compliance, handling resident issues, and maintaining the property's overall condition and functionality.

FINANCIAL

The financial scope of property management includes preparing and managing annual budgets, issuing and collecting maintenance fees, maintaining proper accounting records, managing sinking funds, handling payments to service providers, preparing financial reports, and ensuring compliance with audit and statutory requirements. It also involves advising on cost control, arrears management, and financial planning to ensure the long-term sustainability of the property.

Facilities Management

INFRASTRUCTURE

Provision of security services, cleaning and housekeeping, landscaping, waste management, pest control, and coordination of essential support services to ensure a safe, clean, and compliant environment within the property.

MAINTENANCE

Includes the coordination and supervision of routine, preventive, and corrective maintenance for building systems such as electrical, plumbing, fire protection, elevators, pumps, lighting, and air-conditioning systems. Ensures optimal functionality, safety, and compliance of all essential mechanical and electrical installations within the property.

Project Management

PLANNING AND COORDINATION

Involves defining project objectives, timelines, budgets, and resources. This includes preparing work schedules, coordinating consultants and contractors, obtaining necessary approvals, and ensuring all activities align with the project goals and regulatory requirements.

EXECUTION AND MONITOR

Covers supervising on-site work, managing progress against milestones, quality control, risk management, and ensuring timely delivery within budget. Regular reporting and stakeholder communication are maintained to keep the project on track and address issues proactively.

Strata Consultation

1 CONSTRUCTION OF DOCUMENTS

Preparation and management of all key project documents, including contracts, design plans, approvals, progress reports, financial records, and handover files—ensuring clear communication, legal compliance, and smooth project execution.

2 LIAISON

Coordinate and manage submissions to relevant government bodies and regulatory agencies to obtain necessary approvals, permits, and clearances for the project—ensuring compliance with all statutory and legal requirements.

3 STRATA APPLICATION

Prepare and submit all required documentation to the relevant authorities for the issuance of strata titles, including coordination with land offices, surveyors, and legal representatives—ensuring compliance with the Strata Titles Act and timely processing of ownership titles.

Our Projects

Union Suites, Bandar Sunway - 656 units **Developer: Symphony Life Berhad**

Union Suites is a modern, high-rise serviced residence located in the vibrant township of Bandar Sunway, Selangor. Strategically positioned near key landmarks such as Sunway Pyramid, Sunway University, and major highways, the development offers unmatched convenience and connectivity.

Designed with young professionals, students, and urban dwellers in mind, Union Suites features stylish dual-key layouts, comprehensive lifestyle facilities, and 24-hour security. Residents enjoy amenities such as a sky gym, swimming pool, co-working space, rooftop garden, and multipurpose halls—making it a well-balanced environment for both work and leisure.

Union Suites represents contemporary living in one of Klang Valley's most dynamic and accessible neighbourhoods.

Summerhouse Townhouses, Puchong - 58 units

Developer: **Symphony Life Berhad**

Summer Homes @ Taman Tasik Prima, Puchong is an exclusive low-density lakefront development by Symphony Life Berhad, featuring three-storey townhouses and semi-detached units with modern layouts, dual frontage, and private car porches. Nestled in a gated and guarded community with 24-hour security, residents enjoy serene park and lake views, en-suite bedrooms, and easy access to jogging tracks and community facilities. Strategically located near major highways, retail hubs, and upcoming LRT stations, Summer Homes offers a private, spacious, and well-connected living environment ideal for families and professionals alike.
